TROTSKY SAYS RUSSIA FACES SECOND REVOLT

People Being Robbed of Fruits of Their 1917 Revolution

STALIN DRAWS FIRE

Bearded Exile Declares Red Leader Has Killed Bolshevik Party

OSLO, Norway, Aug. 28.—(UP)—Josef Stalin, Soviet Russia's "Iron Man," has robbed the Russian people of the fruits of the 1917 revolution and is subjecting them to a "privileged caste," Leon Trotsky charged today in an interview with the United Press.

As a result, Trotsky predicted that the Soviet Union ultimately must endure another revolution to secure the freedom of the working classes.

An exile here, under oath to take no part in politics, Trotsky's police guard will not allow him to receive visitors. Hence the interview was conducted by telephone.

Trotsky, recently accused by the Stalin group of plotting with 16 men to overthrow the present regime and kill its leaders, was bitter in his denunciation. He has denied all part in the alleged "plot" for which the 16 were executed.

Reviews Situation—The bearded exile summed up the situation in Moscow thus: "Stalin, the bureaucrat, has killed the Bolshevik party, thus robbing the people of the fruits of the October revolution."

He predicted this must ultimately plunge the country into further upheavals.

"Stalin represents the privileged ruling caste," Trotsky said, his voice vibrant with emotion. "I wish the people to enjoy what the October revolution achieved."

"Stalin's policy means the evolution of a new class which in turn must rebuild in an inexorable struggle among all sections. That privileged caste fears the people, who live in ever-increasing misery. Hence Stalin has been trying for

EXTRADITION OF EFFINGER UP TO MARTIN L. DAVEY

COLUMBUS, Aug. 28.—(UP)—The question of whether or not to allow extradition to Michigan of barrel-chested Virgil H. (Bert) Effinger, reputed Black Legion national commander, rested solely with Governor Martin L. Davey today.

A ruling by Attorney General John W. Bricker, Davey's opponent for the governorship in the November election, cleared the issue of "legal sufficiency" of extradition-request papers. Davey's secretary, Charles S. Leasure had asked Bricker for an opinion.

The attorney general's ruling that the papers were "regular and legally sufficient in all respects" was to be presented to Governor Davey today for action.

Meanwhile, the whereabouts of Effinger, booming-voiced Lima, O., electrical contractor, still were unknown. He disappeared Tuesday during a recess in his extradition hearing here.

He was reported to have stopped at his Lima home that night, to have vanished again, then reappeared to distribute literature protesting actions against him.

He now is sought on fugitive-from-justice warrants in Ohio and is charged in Michigan with violation of a state syndicalism law and possession of bombs.

CLOUDS APLENTY, BUT NO RAINFALL

"Plenty of clouds and lightning but not enough rain to bother measuring," was the way Dr. H. R. (Doc) Gieseler described Friday's weather.

The highest temperature Thursday afternoon was 91 degrees. During the night it dropped as low as 66. At 1 p. m. Friday the reading was 84.

Fair and cooler weather was forecast for Saturday.

LANDON LEADS IN STRAW VOTE OF WEEKLIES

NEW YORK, Aug. 28.—(UP)—A straw vote on presidential candidates collected by "more than 3,000" weekly country newspapers in cooperation with the American Press shows Gov. Alf M. Landon favored over President Roosevelt by a six to five ratio, the magazine announced today.

The American Press, a national rural newspaper trade publication, said figures so far tabulated included 74,703 votes from rural sections of 17 states.

Gov. Landon had a majority today in 10 of those states, the magazine said, and President Roosevelt was ahead in seven. Credited to the Republican candidate were Illinois, Indiana, Iowa, Maryland, Minnesota, New Jersey, New York, Oklahoma, Pennsylvania and Virginia. President Roosevelt led in Florida, Kentucky, Michigan, Nebraska, North Carolina, North Dakota and Texas.

FORD REPLACED AS MEMBER OF OHIO COMMITTEE

Dr. James M. Lantz, Lancaster, was appointed a member of the Democratic state central committee Thursday night at a meeting of committeemen held in Lancaster.

Dr. Lantz replaced James Ford, mayor of Chillicothe, who recently announced himself as an independent candidate for Congress.

JAPANESE AND RUSSIAN GUARDS AT IT AGAIN

MOSCOW, Aug. 28.—(UP)—Japanese-Manchurian border guards fired across the Soviet frontier, killing one horse and wounding three as they were being watered by Red soldiers, according to official reports reaching here last night.

The Red soldiers, reports said, did not reply. Moscow protested to the Japanese and asked that the guards be punished.

This is the second "border incident" within two days. Yesterday the Russians charged that five Japanese airplanes had flown 15 miles within Soviet territory.

President Outlines Plan Of Abandoning Strife With Nature

COOPERATION PLANNED

Dakotas and Montana Are Encouraged By Hard Drought Struggle

ABOARD ROOSEVELT SPECIAL, Aug. 28.—(UP)—President Roosevelt, convinced the government is faced with not one but three problems in this sun-baked area of burned crops and swirling dust, moved from Bismarck to Jamestown, N. D., today.

He will head for Aberdeen, S. D., in the afternoon.

Mr. Roosevelt set out on a tour of his own the first day of his dust bowl visit, driving into the very yards of embattled farmers who, overall-clad and hat in hand, painted in their simple words a vivid picture of the effects of a searing sun and no rainfall on their crops.

"What I have seen," the President said on his return, "confirms me in the belief that I have had for a long time—the belief that we are going to win on this problem."

Problems Outlined

"The first is the immediate one of keeping people going who have lost their crops and lost their livestock. The second is to keep them going over the winter until next year when we hope we will have more rain."

"The third problem relates not only to the future of North Dakota but to the future of a good many other states. It relates to working out a plan of cooperation with nature instead of going along with what we have been doing in the past—trying to buck nature."

The chief executive yesterday listened first to the governors, United States senators and other officials of both North Dakota and Montana before sitting around the conference table to receive the findings of the great plains drought committee.

WHITE FEATHER ADVOCATE LANDS IN JAIL AGAIN

BALTIMORE, Md., Aug. 22.—(UP)—Frank (Woody) Hockaday, who last night bombarded an American Legion banquet with feathers, was held in jail today for St. Elizabeth hospital authorities in Washington.

Hockaday told police he had "escaped" from the hospital, to which he was confined early this month after dumping a basket of white feathers on assistant secretary of War Harry Woodring's desk in Washington.

The white feathers, he explained are the symbols of his campaign for abolition of war. He advocates arming soldiers with feathers instead of guns. The war department rejected his proposal.

Dressed in shorts, red paint and an Indian head-dress, Hockaday entered the banquet hall of the State Legion convention an unruly guest. He climbed on a table and loosed the feathers. Legionnaires stared in shocked amazement. Then one of them knocked him from the table.

A flying squadron, hastily formed, seized Hockaday and escorted him outside, where he was held until police arrived. At Central police station Hockaday was held without charge.

Severys holds the grim weapon as he listens to the poverty-stricken woman's "confession."

CAPITAL MOURNS DEATH OF DERN

Washington Prepares to Pay Tribute at Bier Of War Secretary

WASHINGTON, Aug. 28.—(UP)—The nation's military and naval forces stood in mourning today while official Washington prepared to pay tribute at the bier of Secretary of War George H. Dern, who died yesterday, first of the New Deal cabinet to die in office.

At every army post in the nation half hours were tolled off by booming of a salute gun which started with reveille. Every government flag in the capital stood at half staff as did the flags of all army posts, and of every naval vessel in continental or insular waters.

Army officers in uniform throughout the country wore a badge of black crepe on their left arms and another on their sabres.

Meanwhile, preparations for funeral service were being made in the capital and in Salt Lake City, Utah, Dern's home town, where the funeral will be held.

Almost everybody high in official life planned to attend funeral services here for the third highest ranking cabinet officer, President Roosevelt planned to deviate from his inspection of the drought stricken west to join the funeral train and attend the Salt Lake City services.

According to present plans, funeral services will be held here Saturday afternoon at 4 p. m., EST., at Mt. Pleasant Congregational church. A squadron of cavalry and a battalion of field artillery will wait at the church to escort the body down historic Pennsylvania avenue to the railroad station.

The train is due to arrive in the Utah city at 8 a. m., Tuesday. The body will lie in state at the state capitol and the body buried in Mt. Olivet cemetery with full military and Masonic honors.

JENNERSTOWN, Pa., Aug. 28.—(UP)—A New York-Chicago bus of the Great Eastern Lines caught on fire and was destroyed today on Laurel Ridge Mountain, several miles west of here. All 20 passengers were rescued. The bus was coming down a steep hill when the brake grease ignited and set fire to the coach.

SAWYER OPENS STATE OFFICES FOR ROOSEVELT

CINCINNATI, Aug. 28.—(UP)—Headquarters of the Democratic national committee have been established in the Deshler-Wallick hotel, Columbus, Charles Sawyer, Democratic national committee man, announced here today.

Sawyer's statement said: "Headquarters have been established to carry on the activities of the Democratic national committee in Ohio. These headquarters will be located in the Deshler-Wallick hotel, Columbus, and will be in the charge of Frazier Reams, prominent Democrat of Toledo. He will be assisted from time to time by other active Democrats throughout the state."

"The national committee woman, Mrs. Mildred Jaster, will have entire charge of women's activities and will coordinate the work of the state and national campaigns among the women."

"The purpose in establishing these headquarters is to have a location and an authority through which all matters bearing on the national campaign in Ohio may be cleared."

RICHEST GIRL THREATENS TO LEAVE HAWAII

HONOLULU, T. H., Aug. 28.—(UP)—Doris Duke Cromwell, the "richest girl in the world," and her personable and wealthy husband, James Cromwell, today threatened to cancel plans for huge investments in Hawaii unless the Honolulu harbor board rescinds a ruling denying them permission to build a private swimming pool on a beach now public.

William D. Cross, representative of Cromwell, said the husband of the tobacco heiress instructed him by long distance telephone from New York to place on sale their \$100,000 four-acre home site on which a \$500,000 home was to have been erected.

"Mr. Cromwell was disappointed at the turn of events," Cross said. "He prefers to abandon the estate rather than change his plans to conform with the harbor board's ruling."

"This will be a tremendous loss to Hawaii." The board refused to permit to build a great tile swimming pool on Kaalawai beach because, according to chairman Louis Cain, it would have been "class discrimination."

"A permit to build this pool would deprive the public of free access to the beaches," Cain said. "And therefore would be class legislation."

"This question of great wealth being used for private ends is contrary to the public good."

CAMPBELL REAPPOINTED TO XENIA HOME BOARD

COLUMBUS, Aug. 28.—(UP)—The re-appointment of Milton D. Campbell of Cincinnati, former commander of the state department of the American Legion, for a five-year term as a member of the board of trustees of the Ohio Soldiers' and Sailors' Orphans' Home at Xenia, was made public today.

ALFRED SLOAN RAPS EXPENSES

General Motors Head Tells Of Record Year, But Fears Trouble

NEW YORK, Aug. 28.—(UP)—President Alfred P. Sloan Jr., of General Motors Corp., estimated today that his firm will do the greatest business in its history this year, but predicted that the United States will see "serious" economic trouble in 1937 unless "we set our house in order."

By setting the national house in order, he explained, he meant curtailing governmental expenditures and reforming the tax system.

Sloan returned yesterday from a brief trip to Europe. It was announced that General Motors has awarded contracts for construction of one of the largest automobile assembly plants in the world on an 80-acre site in Linden, N. J. It will have a capacity of 120,000 cars annually and will employ 2,000 men.

"There is no question that business is much better now," he said. "The waves of recovery which began in 1932 will carry into late 1937, I think. But by then, if we have not set our house in order, we will have serious trouble."

General Motors probably will produce 2,000,000 cars this year," he said.

Sloan has opposed many New Deal acts, but he said that "no matter whether Roosevelt or Landon is elected, the problem will be the same."

"The United States is a business not unlike General Motors," he said. "Our government needs a balanced budget. It cannot go on forever spending beyond its income. It must help the needy keep body and soul together, but we can't continue with such costly forms of relief as WPA."

POSSE STARTS NEW HUNT FOR JUDGE CRATER

WARNER'S HOT SPRINGS, Cal., Aug. 28.—(UP)—Two policemen and 15 newspapermen went into the desert country today and moved toward the rugged Cyamaca mountains in search of a wanderer believed to be Judge Joseph Crater of New York, missing since 1930.

The trek began at dawn, Capt. C. W. Allen, in charge of the expedition, held a conference with "Lucky Blackie" Blackiet, grizzled desert prospector, whose tale of talking to the wanderer started the search.

Capt. Allen said: "I believe Blackie knows where this man is now. And I believe he was Judge Crater, as he told Blackie he was. The whole story tallies with another we heard in this section concerning Crater five years ago."

SPANISH REBELS SLOW DOWN IN VICTORY DRIVE

BY UNITED PRESS
Today's news from Spain indicated that the rebels are not making the victorious advance which they had expected.

The intense activity of the last few days appeared to be a supreme effort to start the ball rolling in their favor. The loyalists held their ground, however, especially at Irun, where successive waves of rebels were stood off.

The insurgents were forced to withdraw their shock troops to the rear, to reorganize and perhaps await reinforcements before going on with the attack.

Meager advices from Oviedo, to the west, where the rebels have been under determined siege since the start of the war, indicated that the civilian populace at least is getting tired of it and beginning to break out into fits of rage.

The other chief center of activity was at Zaragoza, in the northeast toward Catalonia, where 10,000 trained rebel regulars organized to battle loyalist forces 10 miles from the city.

There were scattered but minor engagements elsewhere throughout the country, but nothing definite enough to indicate growing strength on either side.

As it looked today, therefore, barring unforeseen developments, a long-drawn guerrilla war was in prospect, until one side is worn down by attrition.

ALFONSO DENIES PLAYING PART IN SPAIN'S WAR

DELLACH, Austria, Aug. 28.—(UP)—Former King Alfonso has taken no part in the Spanish civil war, will take none, and would consider returning to Spain only at the expressed wish of the Spanish people after all the issues have been decided, he said today in a statement to the United Press.

Alfonso came to Austria to visit the grave of his son Gonzalo on the second anniversary of the youth's death in a motor accident. He dispensed of rumors regarding his activities and intentions in an exclusive statement—his first defining his position in the rebellion—which he made as his custom through Marquis de Viana, his confidential secretary.

"His majesty wishes it to be made known once for all that he has taken no part whatever in the revolt," said the statement.

HARRY RICHMAN READY FOR HOP OVER ATLANTIC

NEW YORK, Aug. 28.—(UP)—After a 1,400 mile test flight up the New England coast, Richard Merrill, veteran air mail pilot and Harry Richman, movie and radio singer, planned to take off today on a non-stop flight to London.

The final decision will depend on weather reports but Merrill announced that "it looks now as if we would go around 5 o'clock this afternoon."

James H. Kimball of the New York weather bureau said that weather conditions may not be "perfect," but "with such a plane and with a pilot of Merrill's experience they should have little trouble unless they encounter ice."

TROUBLE HUNTER WARNS POLICE, SO HE IS JAILED

PITTSBURG, Cal., Aug. 28.—(UP)—Michael J. Lynch stopped by a police station on his way downtown and told officers he was out to "cause trouble." Thirty minutes later there was a riot call. Officers went to a downtown hotel, arrested Lynch for "causing trouble" by disturbing the peace.

PENDERGAST IMPROVING

NEW YORK, Aug. 28.—(UP)—The condition of Thomas J. Pendergast, Missouri Democratic leader, was described as "good" today at Roosevelt hospital where he underwent an abdominal operation earlier this week. "He is resting comfortably," a member of his family said.

ASSOCIATION TO OPPOSE EFFORT AT AMENDMENT

Powers of Federal Courts Are Upheld at Meet In Boston

VOTE IS UNANIMOUS

Judges Must Have Final Word on Validity of All Laws

BOSTON, Aug. 28.—(UP)—The American Bar Association went on record today as opposed to bills and amendments to the U. S. Constitution designed to limit the jurisdiction or abridge the powers of any federal court to pass upon the constitutionality of any law.

A resolution to this effect was adopted by an almost unanimous voice vote after delegates at the association's annual convention had listened to the report of Chairman Walter P. Armstrong of the standing committee on jurisprudence and law reform.

The resolution follows: "RESOLVED—That the Association disapprove all bills and amendments to the constitution hereafter mentioned in this report, the purpose or effect of which is to limit the jurisdiction or abridge the powers, as they now exist, of any federal court, or to prevent the constitutionality of any law."

Approximately 40 bills and amendments were listed in the report.

DEPRESSION ALL OVER REPORTS EASTERN CITY

HOMESTEAD, Pa., Aug. 28.—(UP)—This Pittsburgh-district industrial town of 20,000, hard hit by the depression, reported today that its mills are employing more men than in 1929, that its relief office is closed, and that a shortage exists in skilled labor.

Ten thousand men are at work in the Carnegie-Illinois steel corporation plants. In 1929, the company employed 9,000 full-time workers here.

The mesta machine company announced it is having trouble finding enough skilled men to keep its plant at capacity. The larger mills have resorted to hiring men away from each other in order to fill skilled positions.

Most of Homestead products are heavy goods, for which there is no market when times are slack. Now, there is a demand for its bridge beams, construction girders, axles, wheels, pipe and tanks.

LEMKE MAKES WATER PROMISE TO DUST BOWL

KANSAS CITY, Aug. 28.—(UP) Rep. William Lemke, Union party candidate for president, didn't promise to make it rain in parched Kansas drought areas, but last night he promised what he thought was the next best thing.

He evoked for Kansas farmers at Johnson county fair three miles across the Kansas line from here, a vision of sparkling lakes, thousands of them, that would supply every deficiency of moisture.

"Theories about wet cycles and dry cycles are advanced by silly fools," Lemke said. "And still we go on wasting our water and destroying our land."

Lemke, speaking in a community where temperatures have averaged 100 degrees for 35 days, outlined his farm program as based on a great line of lakes from Canada to the gulf.

His house bill proposing the lakes was allowed to die during the last session of congress because of Secretary Wallace's objections, Lemke said.

It would cost much money to build the lakes, but compared with other governmental expenditures the cost would seem negligible, Lemke asserted. Furthermore, project would, he said, be self-sustaining, as each lake would produce its own power.

HERO OF TRAGEDY LANDS A JOB

Bryan Unteidt Becomes Day
Laborer in Highway
Construction Gang

DELIGHTED AT CHANCE

Youth Saved 16 Children
In Dreadful Western
Snow Storm

DENVER, Aug. 28.—(UP)—Bryan Unteidt, five years ago a boy hero feted by the president and the nation, now a youth of 16 with "a strong back," became a laborer in a highway construction gang in the mountains today.

He was delighted with his job. Ten days ago he came to Denver utterly forgotten by his erstwhile admirers made utterly forlorn by family hardships that had forced him to leave high school before graduation.

Bryan, six feet, two inches tall, a powerful youth, waved cheerily from the front seat of the "dumpy" truck that was taking him to his highway job at Tabernash, Colo., in the mountain country northwest of Denver.

Great Day For Him
"This is a great day for me," he said. "I was just ready to give up when I got this job. It will give me a chance to save a little money."

March 17, 1931, a blizzard swept eastern Colorado. Twenty-one children of a rural school were loaded into the school bus by teachers who thought they could get home before the blizzard marooned them in the building. But the bus stalled in a snow drift. The driver went off to summon aid. He was frozen to death before he had gone far.

In the bus, with the snow piling up on its sides, the wind howling the frightful cold creeping in through cracks and crevices, 13-year-old Bryan took charge. He tore up the wooden floor and started a fire in a milk can. The smoke was insufferable and it had to be put out. Bryan made the other children sing and shout. He forced them to walk up and down and jump about. When anyone showed any sign of sleepiness, he slapped awake. Bryan even gave up his own sheepskin coat to keep his companions warm.

Saves 16 Pupils
When rescuers broke through the drifts, they found five children dead, but 16 alive, thanks to Bryan. His fame spread overnight. As soon as he had recovered from his privations, secret service men came to Denver and took him to Washington, where he was the guest of Herbert Hoover in the White House. Cities en route vied with one another in the extravagance of their greetings. He returned to Denver to the blare of bands and state and city officials were at the station to greet him.

Since then, fortune has withdrawn its favor from Bryan and his parents. Drought and dust storms ruined their farm near Towner. He had to leave high school. He worked for a while on a farm. Then he was a railroad track worker. Ten days ago he came to Denver broke and out of work. Walter Lear, secretary of Gov. Edwin C. Johnson, heard of his plight and got him his job with the Hamilton-Gleason Construction Co.

Had To Work

"Boy, am I glad," he said from the truck this morning. "I had to work. My mother and dad have all they can do trying to make a living on the farm."

"It has been pretty tough at Towner and I have three brothers and three sisters who have to be fed and clothed. It is quite a bit different now than it was five years ago but I feel that this is a good opportunity."

"If I can make good on this job maybe there will be something else for me this winter. They say it will take three or four months to complete the road and during that time I can save some money. May-

25,000 FEET OF SIDEWALK LAID BY WPA CREW

WPA workers on the sidewalk project have laid 25,000 square feet of sidewalks so far and installed 200 lineal feet of curb and gutter, Joe Barnes, project supervisor, announced Thursday.

About 40 men are employed on

the project in three crews. Two crews are laying sidewalks and the third, curb and gutter. One crew is working on E. Franklin street at the present time. The other two are on E. Mound street. Residents who signed the original survey last fall for the improvements are receiving first consideration. The project will continue this fall as long as weather permits, Barnes said.

THEA RASCHE IS INDIGNANT OVER DEATH REPORTS

BERLIN, Aug. 28. — (UP)—Fraulein Thea Rasche, famous woman aviator, asserted indignantly today that she is not dead and that she has not been charged with espionage.

Furthermore, she added, she intends to obtain satisfaction from the people who started that she was. A Netherlands newspaper reported that Fraulein Rasche had been executed here as a Russian spy after a secret trial. Reached by telephone at her home in the Rennbahnstrasse, in the west end, she said in a voice that left no doubt as to her anger that she had asked the police to trace the origin of the story.

"Well, you hear that I'm still alive," she said. "And I'm sure going to sue the people who originated the report. It's too silly for words. It gave me a sleepless night. Friends from abroad were telephoning me all night long. Such an affair can not be dismissed with a shrug or a laugh. I have nothing to do with Russia. I have flown in many countries but never in Russia. I do not speak Russian. I am a good German and I consider espionage to be a most abominable crime."

CHEERS PLEASE GOV. LONDON ON EASTERN SWING

Candidate Deeply Gratified
With Results of First
Campaign Trip

RETURNS TO TOPEKA

Plans Made for Second Jaunt
Scheduled for Last Part
Of September

TOPEKA, Kans., Aug. 28.—(UP)—Gov. Alf M. Landon got back to his gubernatorial job today "deeply gratified" with results of his first campaign swing through the farm belt and the industrial east. He was ready to join President Roosevelt in a drought conference at Des Moines next week.

The cheers of crowds which welcomed him through Illinois and Missouri — climaxed by a crushing throng at a surprise homecoming at the Kansas City union station — had hardly died away before the Republican presidential nominee was tentatively planning his next campaign trip up the Mississippi valley.

The second journey, starting probably the third week in September will take him through Iowa, Minnesota, Wisconsin and possibly other nearby states, according to present plans which are subject to change.

He expects to make three major speeches, at least one of them dealing with the farm problem. The cities mentioned tentatively for important stops include Des Moines, Milwaukee and either St. Paul or Minneapolis. It was not believed that he would go as far west as the Dakotas or as far east as Indiana.

COUNTY SOON TO BE IN NEW W. P. A. DISTRICT

Pickaway county's WPA organization will soon have a new district number but will remain under Chillicothe headquarters under a readjustment of counties announced Friday by Dr. Carl Watson, state WPA administrator.

Pickaway county at present is under District 11, including Adams, Brown, Clinton, Fayette, Highland, Pike, Ross and Scioto counties. The new district will include the same counties but will be classified as District 8.

"THE LAST ADVERTISEMENT WAS PRINTED YESTERDAY"

*What Would
the World
Be Like If
It Were
TRUE?*

THE last advertisement was printed yesterday. You have cut it out and put it away to show your grandchildren. With it, a way of living as you knew it, has passed forever.

Tonight you will want to see a movie. You pull up to one—saw it last week. At another—but no, you don't like So-and-So's acting. Let's go home. It's too much gas and time to waste on a show. Next month half the theaters will close. Poor attendance.

Tomorrow you will want some groceries. You will go to the nearest grocery store and buy some. Rib roast, perhaps, and lima beans. You won't hear until tomorrow night at the bridge table that the store just next door was having a "special" on rib roast and lima beans. Pretty soon your husband will wonder why the food bills are so high. The last advertisement was printed yesterday.

Next month is Aunt Jane's birthday. Well, if you think I'm going to spend half a day tramping from store to store looking for a gift that I used to find by turning a page — can't afford gifts anyway. We're spending money like water and living like poor folk . . .

Old car's wearing out. Can't afford a new one . . . Chevies and V-8's are both \$1600 . . . demand's fallen off . . . they've had to up prices to meet plant expenses. Most of the others have closed down . . . don't know how the government will feed all the new unemployed.

Fellow in Milwaukee is inventing an air conditioner to sell for \$50. No one will hear of it. You will never see it. What is air conditioning anyway? The last advertisement was printed yesterday.

Advertising has brought us many things. Finer cars, better homes, silly fads and wonderful inventions that have made life easier — and longer. Advertising is no unmixed blessing. But it has helped give America a standard of living unmatched in any other place and time. That standard of living should persist as long as people have wants to fill and money to spend and eyes to read with.

It will persist only so long as the presses keep rolling.

AUTOMOBILES
KILL 18,560 IN
SEVEN MONTHS

Nation Told To Prepare For
Another All Time Record
Of Slaughter

TOLL FOR JULY 3,180

Trend Is Alarming, Says
Managing Director of
Safety Council

CHICAGO, Aug. 28—(UP)—The National Safety Council reported today that 18,560 persons had died in the last seven months, either beneath the crunching wheels of automobiles or in twisted wreckage left in the wake of a highway collision.

It warned the nation to prepare for another "all-time record of slaughter on our streets and highways when 1936 has become history."

July was the third consecutive month and the fourth in 1936 in which automobile accident deaths in the United States exceeded those in corresponding periods of 1935, the council said.

The July toll was 3,180, three per cent more than the 3,090 traffic fatalities reported for July, 1935.

"The trend is alarming," W. H. Cameron, managing director of the council said, "because we have yet to pass through those months which in former years produced the largest numbers of traffic accident deaths."

"In 1935 the first six months recorded 15,890 traffic fatalities while in the last six 21,110 such deaths were suffered."

R. L. Forney, council statistician, said Aug. 1 total was but two per cent below the corresponding 1935 figure, a year in which motor deaths shot to the all-time high of 37,000.

Statisticians drew some solace, however, from the explanation that the death increase "was probably more than offset by a rise in traffic volume."

Gasoline consumption was up 10 per cent in May and up nine per cent for the first nine months.

PANEL DRAWN
FOR HEARING OF
BRIDGE TRIAL

Sixteen names were drawn from the jury wheel Thursday morning as prospective jurors for the Hargus creek land condemnation cases to be heard in probate court Monday morning.

A jury of 12 persons, sitting before Judge C. C. Young, will determine whether the amounts awarded by the county commissioners for the land appropriated are satisfactory.

Those drawn for jury duty were: Vida Hosler, Harry J. Smith and Fred Call, Monroe township; Ed Minshall, Pickaway township; C. C. Kreider and George Rihl, Salt-creek township; Alice Walters and Wayne Hoover, Jackson township; John Bolender, Washington township; Floyd Hughes, Deercreek township; Roy Stout, Mary Abernethy and Harry Hill, First Ward; A. E. Fissell and Lewis Culp, Second Ward, and Lucille Gilmore, Fourth Ward.

Another reason this will never be known as the golden age of American history is the fact that there are now seven political parties.

HE MADE A TEN-YEAR
TEST WITH ALL-BRAN

Say good-bye to the headaches, the low spirits, the sleeplessness that often follow common constipation. Just read this letter:

"In 1926, I started using ALL-BRAN. And now, after ten years, during which I have put Kellogg's ALL-BRAN to a long, hard test, I am writing you this letter. It is better to eat this food and be in condition, than to resort to laxatives."

—Bernard Altman, 63 Goodale Road, Mattapan, Mass.

Kellogg's ALL-BRAN will help you too. Its "bulk" absorbs moisture within the body, forms a soft mass, gently cleanses the system. Tests prove it is safe and effective. ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoonfuls daily. Either as a cereal, or in recipes. How much better to use this food than to take patent medicines. Buy ALL-BRAN at your grocer's. Made by Kellogg in Battle Creek.

OPEN LETTERS

TO MAYOR W. J. GRAHAM

YOUR HONOR: I hope you carry out to the letter the plan suggested to you by Neel Petree, Toledo, WPA recreational supervisor, to give Circleville a permanent recreation commission. It would be unwise to drop recreational activities here after WPA ceases. Plan some projects for the older residents. Why not organize wood-working club for men to build Christmas toys for needy children. If your commission functions properly it will not be difficult to line up numerous activities.

CIRCUITEER

TO CONSERVATIONISTS

SPORTSMEN: Why have Pickaway countians taken no interest in the organization of a Natural Resources council? Throughout Ohio councils have been organized. They will send representatives to Columbus for the formation of a state organization. The state group will become part of a national organization. Pickaway county will be out of the picture. This nation-wide organization will exert a tremendous force in securing proper conservation legislation and restoring wildlife. Pickaway county has some of the most beautiful streams and woodlands in the state. Soon the Scioto river will be a clear, clean stream. I suggest that local sportsmen get busy and join in a movement that will benefit them.

CIRCUITEER

TO COUNCILMEN

GENTLEMEN: Next week the results of the two-hour parking regulation put in force last Saturday will be placed before you by Mayor W. J. Graham. Before passing the ordinance, making the regulation a law, study the results closely and consider the problem from all angles. I suggest you obtain some information from nearby cities on the methods they found most satisfactory in solving their traffic snarls. It is a big problem and can not be settled

World At A Glance

—By—
Charles P. Stewart

SOME INFORMED person look for Japanese militarism to disappear overnight. The reason? The rise of the people in Japan to overthrow the military-industrialist autocracy.

With the passing of this autocracy, world labor also would be freed of the menace of cheap Japanese goods, produced at wages of a few cents a day, and flooding markets everywhere.

Under the present system, Japanese overlords must dump these goods to raise money to gain new raw-materials' lands—through military conquest.

But the backs of the people can bear little more. Living costs in Japan rose 7.6 per cent in a year. Wages fell 1.5 per cent, being 11.4 per cent less than in 1932.

BRITISH POSSIBILITIES?

There are vague rumors drifting over the present British Conservative government may step out, before long, because of inability to meet the questions posed by fascism.

The British lost caste throughout the world over the Ethiopian question. Italy put her finger to her nose and took what she desired.

Now Italy and Germany side with the Spanish Fascist rebels, while the French and the British stand in horror over the civil war that has been created—the worst war in modern times.

France urges that Britain go the way in supporting the international neutrality protocol.

The British cabinet again in a mass of confusion and contradiction.

Average Britisher is becoming weary at his own government. He fears for the future of his empire.

Cabinet confesses itself weakly would surrender the

reins gladly if any moderate leadership would put itself forward.

But, as in other nations, merely the leadership of extremes presents itself.

Some observers believe that England will go politically the way of France—and create a great Left bloc in Europe, far greater than the Fascist group. Chief nations in that bloc would be Great Britain, France and the Soviet Union.

If England goes in that direction, it will be in self-defense because of the Fascist-Nazi drive to gain control of Europe.

ITALY

An American bishop, visiting Rome, suggested that Father Coughlin was trying to bring the "benefits" of fascism to American workers.

The bishop might have been looking at surface indications, which often is the case in a visit to a strange country, for read what an Italian emigre says in a Paris Italian Anti-Fascist weekly:

"In May, 1934, in a speech which oozed pessimism, Mussolini informed the Italian people: 'We have been going steadily downhill. It would be hard to go any lower. Three-quarters of our industries require government assistance. Either we must balance our budget and stop incurring debts or we shall go under.'

"The Italian people approved. They expected a period of recovery in which they could concentrate on pulling themselves together. Instead came the war.

"After two years of mad expenditures on the war—during which all the symptoms denounced by Mussolini in 1934 became aggravated—Mussolini says to the Italian people: 'Abyssinia is ours. Abyssinia, added to Italy, marks the rebirth of the Roman empire. This is the first stage.'

"And the people cheer.

"Perhaps the names 'Roman Empire' and 'Fascist Empire' can change the facts? No. Whether

called an empire or a kingdom, Italy is and remains a poor country, a country hard-hit by the depression, one of low wages and reduced consumption. And it has the highest taxes in Europe, and a national debt which we soon shall have to reckon with.

And, with no money available, interest will rise and wages will fall.

Those are some of the "benefits" of fascism.

NO VIOLENT ATTACK

The G. O. P. management wants a violent attack upon Rooseveltism and Landon has not delivered one yet.

The governor did not take the offensive in his presidential acceptance address. He was only politically philosophic at West Middlesex and thenceforward. He did not tear into the opposition and, while he did express sentiments of his own, he did not go into details.

Particulars are what the Democrats are demanding and particulars are what the Republican management wants them to be met with.

WRITER'S VIEW

They are not available. Democratic particulars are insufficient to be convincing. Republican particulars ditto.

But Democratic particulars are more effectively "crooned" by President Roosevelt, a master of the radio. Governor Landon, Republican, is not so good a "crooner". He is trying to learn the job.

IS THIS THE QUESTION?

Roosevelt is a master "crooner". He bosses his job.

Governor Landon "croons" subject to much criticism.

It is a question which is better?

Pro-croonerism or anti-croonerism?—from a political standpoint? These are questions for the next election to answer.

CIRCUITEER

TO CAMP VISITORS

DEAR FOLK: Sunday brings to a close another fine camp meeting. Excellent programs have been presented, combining entertainment and religious stimulation. Attendance this year has surpassed records of previous years. Circleville is proud to have such a fine institution and be your host. I hope you have enjoyed your visit with us and will return again next year. We cordially invite you to attend our Pumpkin Show.

CIRCUITEER

TO HIGHWAY DEPARTMENT

FRIENDS: It is late in the season to consider extensive road repairs, but Circleville residents would appreciate it if some effort were made to smooth out Route 23 just north of the north corporation line. This section is very rough. Since Circleville, through WPA, has reconstructed Court street, the highway department should repair this short section.

CIRCUITEER

TO FARM BUREAU OFFICIALS

GENTLEMEN: If there is the faintest hope Pickaway county may be chosen for the national corn husking contest, keep boosting. Our corn may not be the best in Ohio, but we have plenty of good quality despite adverse weather conditions. We are practically in the center of Ohio and there is every facility available to take care of this big event.

CIRCUITEER

TO BASEBALL ENTHUSIASTS

FANS: Circleville should rejuvenate baseball. There are hundreds of fans here to support a team. Nearby villages have teams and provide wholesome entertainment for residents. If a suitable field can not be found in the city I am sure the crowds would be willing to go a short distance from town to see a good game.

CIRCUITEER

TO REV. O. L. FERGUSON

DEAR SIR: Congratulations on your re-assignment to the local Church of Christ in Christian Union for your 27th year. You have an outstanding record. For the last 26 years you have been building, first a congregation, then a church, then a camp grounds that brings thousands of central and southern Ohio residents here every summer. I wish you continued success in your good work.

CHAPTER 34

WAYNE'S sudden laughter stopped Gay. "Some house party, this is! One guest nearly dies of heart failure; another gets a piece of glass in his eye. And you had a hand in both accidents," he teased. "I think after this I'll keep away from parties where you're included!"

"To be perfectly honest with you," he added, in the same bantering tone, "I've been off you, very definitely, all week. I didn't like the way you turned me down, and chose Tim's company, after the housewarming party."

"All day yesterday, even last night, I felt that I wouldn't care particularly if I never saw you again."

"Quite a nasty disposition, if you ask me, Mr. Adams!"

"But today—" he held out his hand, and his voice softened, "today is something else again. Let's agree to bury the hatchet, and be friends."

The tenderness in the clasp of his hand did something startling to Gay.

Outside, in the stillness of that summer morning, a blue jay was calling impatiently, and all through her life the harsh note of a blue jay revived that moment of revelation.

In spite of herself, she had fallen head over heels in love with Wayne. There wasn't the slightest use denying it, or fighting against it. She adored him.

But she didn't want to be in love, she cried out furiously, within herself. Love upset all your plans; did things to you; made you blind to your own best interests.

Great depression, wild exhilaration, filled her.

"I love you, love you!" her heart was telling him, but she gave no betraying signs as she returned the pressure of his fingers, and asked:

"So you'll be an invalid for a few weeks? Won't you need a nurse?"

"There's been a stampede for the job, all morning," he grinned. "But I'd hire you, sight unseen. Sign on the dotted line, and report for duty at my apartment tomorrow morning."

"So sorry," Gay laughed. "A previous appointment—She had in mind her schedule at the Pontchartrain club, but Wayne misunderstood.

"I wasn't really serious. And Tim will be keeping you busy from now on."

"Not too busy nights, next week."

His voice was incredulous.

"You're kidding! I'll come over, if you'd like me to—and read, and light your cigarettes—You see, I feel as though it were my fault, really, that you were hurt last night. I'm trying to prove I'm grateful for the way you saved me. But you won't really need me, I suppose. All your friends—"

"You'll be so popular—" Gay tried to gather courage to add, "If Mrs. Larimore will let—"

"Mrs. Larimore in person," a voice announced from the doorway, and flashing on the lights, Grace Larimore entered.

She was wearing lounging pajamas of black satin, so exquisite that Gay sighed wordlessly in admiration.

"I must see for myself how you look, Wayne dearest. I don't trust Johnny Wilson's report of you. Was I gone too long?"

A murmur of excuse on her lips, a sharp physical pang of jealousy stabbing her at the picture of Grace bending over Wayne with sweet ownership, Gay fled from the room.

Gay woke to lowering gray skies, drip-drip-drip of rain, forlorn chirping of sparrows huddled against the wet in the branches of

the solitary elm tree outside the windows of her apartment.

Mondays were always dull, but this particular Monday, coming after the excitement of that weekend at Lake Paradise, seemed almost unendurably tiresome. How grand life would be, if you didn't have to go back to work, Gay thought, punching the time clock in the basement of the Pontchartrain club. If you only could have fun, and dancing, and week-end parties all the time, forever and ever!

Outside, the rain fell in a steady downpour. Several people who had arranged for luncheons or afternoon parties, telephoned cancellations. If she'd even been permitted to read, it wouldn't be so tedious. But the club management forbade reading in working hours, so Gay sat in the coatroom, her hands in her lap, with no diversion but her restless thoughts.

What were they all doing now—those others who had been at Lake Paradise yesterday, as Tim's guests?

Her vivid imagination pictured each one in turn.

Wayne in his apartment in the Devonshire Arms. Grace would, of course, drop in to see him during the day, to relieve the monotony of his enforced quiet. . . . Tim in his offices in the General Motors building. . . . Doctor Wilson operating at the hospital. . . . Marian Wilson resting at home.

Gay's thoughts ran on, while the clock in the ladies' lounge ticked the dragging moments away.

Would any of them be thinking of her, Gay Elwell, the check girl? It seemed improbable. Gay, always honest with herself, acknowledged the fact that she was quite unimportant to all those rich, busy people. She smiled to herself, ruefully, as she recalled the Wilson dinner party, when her head had been turned a little by the flattery and obvious admiration of all the men.

Breck, Mark Vance, Tim, Christian, Doctor Wilson, even the caustic and disapproving Wayne, had seemed interested in her. She had considered them each in turn, that night, as a victim to her charms: a possible husband. Even

man's brother, Robert, and family.

Nebraska Grange Holds Inspection Meeting

Interesting Program Is Presented at Organization Hall

Thirty-six members and two visitors of the Nebraska Grange were present, Thursday evening, at the inspection meeting which was held in the Nebraska Grange Hall.

The program was opened by the singing of the hymn "Jesus Savior Pilot Me," sung by Mrs. Homer Quillen.

Joseph Peters gave an excellent paper on "Diversified Farming More Profitable than Specialized Farming."

Next was a trumpet solo by Hugh Huffer, followed by a reading "Should Rural Schools Have Rural Minded Teachers," by A. J. Dunkle. The Misses Elizabeth and Ann Reber were presented in a vocal duet and two humorous short stories were told by Miss Thelma Plumm. A violin solo by Miss Betty Scythorn and contests, consisting of questions on grange organization, led by Mrs. Homer Reber concluded the program.

Turney M. Glick, inspecting officer, and Mrs. Glick followed the program with some interesting remarks.

Watermelon was served under the direction of Mrs. F. T. Downe, as chairman of the lunch committee.

At the next meeting which will be September 16, the Scioto Valley Grangers will provide the program.

On Guild Program

The meeting planned by the Ladies' Guild of the Presbyterian church for Wednesday, August 26, at which time they entertained six neighboring societies proved successful and very entertaining.

The program was furnished by talent from the neighboring communities. Local persons taking part were Mrs. Cliff Miller, soloist, accompanied on the piano by Miss Abbe Clarke.

Mrs. Miller used for her first group, "Chinese Lullaby" and "A May Morning." For her second group she sang "Evening Song" and "Bless This House."

A number of Tarlton ladies, members of the Ladies' Aid, attended. Among them were Mrs. D. W. Macklin, Miss Gift Macklin, Mrs. Ruth Marion, Miss Hazel Ketterman, Mrs. Myrtle Reichelderfer, Mrs. Marvin Miller, Miss Anna Pontius and Miss Nellie Kuhn.

Hoover-Ballou Wedding

Mrs. Lafa Lannan, of Jackson township, announces the marriage of her daughter, Miss Mildred Louise Hoover, to Mr. William Edward Ballou, son of Mr. and Mrs. Eugene A. Ballou, of Jackson township.

The single ring ceremony was read at 12 o'clock noon Monday, August 24, in Greenup, Kentucky, the Rev. W. H. Muncey of the Methodist Episcopal church officiating.

Mrs. Ballou attended the Jackson township high school.

Mr. Ballou is a graduate of Independence high school class of 1935, in Independence, Kansas, later taking a course in electrical engineering.

The young couple were treated to an old-fashioned belling Wednesday evening, by a group of neighbors and friends, at the home of the groom's parents.

Mr. and Mrs. Ballou will be at home to their many friends on the Ballou farm in Jackson township.

Miss Brehmer Entertains

A merry evening was spent by a group of young people, Thursday evening, when Miss Elsie Ann Brehmer, entertained at a buffet supper at her home, N. Court street.

Several of the group will be leaving soon for college and the affair was a farewell get-together.

The home was unusually attractive with baskets and bowls of flowers.

The dining table was centered with a silver bowl of snap dragons and cosmos surrounded with lighted tapers in silver candle holders for the tempting buffet supper which was served at 7:30 o'clock.

Later in the evening the group

BASEBALL RETURNING TO CINCINNATI FOLLOWING LONG ABSENCE

GAME SLATED FOR SUNDAY AT S.O.E. DIAMOND

Merchant Backed Aggregation To Cross Bats With Columbus Cycles

THREE HURLERS SIGNED

Miller, Stevens or Smith May Pitch—Bob Terhune On Receiving End

Baseball is coming back to Cincinnati. The first game in this city in many years will be played Sunday at 2:30 p. m. on SOE field.

A Cincinnati team, backed by a group of merchants, is being organized by Earl Miller to meet the Columbus Cycle team.

The local players have not been definitely selected but Miller has lined up three tossers, Russ Miller, Clark Stevens and Raymond Smith, and one catcher, Bob Terhune.

Miller has spent many weeks trying to rejuvenate baseball here. He said a number of merchants have agreed to back a team financially and since no other field is available games will be played on the SOE field. This field is small for baseball.

If the team receives proper support from local fans more games will be booked.

WEARY REDLEGS SLIP DOWNHILL TO SIXTH PLACE

CINCINNATI, Aug. 28 — (UP) — Rain, and a Boston victory over the St. Louis Cardinals, left Cincinnati's weary Redlegs in sixth place today.

The shower yesterday washed out Cincinnati's final scheduled game with the fast-stepping Giants. It will be played in New York, as the Giants will not visit the Queen City again this year.

Boston's win over the Cards gave the Bees undisputed possession of fifth place.

About This And That In Many Sports

What of Ferrell?

Wesley Ferrell, a splendid right handed big league pitcher, is on his way out of the big show—There can be little doubt about that as a result of his childish prank at New York Friday when he left the mound without orders during a Yankee rally. It is hoped the \$1,000 fine sticks, and that Ferrell is further disciplined by his manager. It was pleasing to see how quick President Tom Yawkey was to support Joe Cronin in his action.

Cleveland Failed

Had the Cleveland Indians taken disciplinary action against Ferrell several years ago, they might have had an ace right hander and Ferrell might have been a much better behaved young man.

Carleton Same Way

Something of the same kind of treatment is needed right now by Tex Carleton, efficient but capricious hurler for the Cubs—Carleton apparently has not gotten over the coupling up Diz Dean gave him a touch of weeks back—At Cincinnati a while back he was jeered off the field after he threw two dusters at Alex Kampouris—The other day he heaved a ball over the grandstand after his manager hopped him about inefficiency on the hill.

It's All So Silly!

Here's the answer to that question that may have been bothering you lately: a team can make six hits for 12 total bases in one inning, steal a couple of bases, and still not score. . . . Batter A triples and is out optimistically trying to stretch it into a home run. . . . Batter B, learning nothing from the rash example of A, does the same thing. . . . Batter C hits for two bases, but he's a careful guy, so he doesn't advance when Batter D scratches an infield hit. With Batter E up, Baserunners C and D pull a double steal for themselves. . . . then Batter E beats out a hit along the third-base line, but C and D hug the baselines. . . . Batter F walks to the plate and socks one high and far over the center fielder's head, and C, D and E leisurely make their way toward home plate. On the way, however, E notices, after passing third, that his shoe lace is loose, so he kneels to tie it. . . . While he is kneeling to tie it, F passes him and is declared out. . . . It's a typical Brooklyn inning.

Virginia Bruce, Dolores Barrymore to Be Presented on Chateau Program Saturday

RALPH BANDINI, NOTED ANGLER, AMONG GUESTS

Comedy to Be Presented by Team of Olsen and Johnson

Another four-star variety broadcast featuring drama, comedy, sports and music will be presented in Shell Chateau, Saturday night, Aug. 29, by Smith Ballew, the singing master of ceremonies.

On the full-hour show to be broadcast over the WEAH-NBC network at 9:30 p. m. Ballew's guest stars will include Dolores Costello Barrymore, screen actress in a dramatic sketch; songs by Virginia Bruce, slender, blonde screen star; an interview with Ralph Bandini, world's greatest tuna fisherman, and comedy by the renowned team of Olsen and Johnson.

Dolores Costello Barrymore, who emerged from retirement to play in "Little Lord Fauntleroy" in the movies, will be featured in a dramatic sketch.

One of the stars of "The Great Ziegfeld", Virginia Bruce, will sing popular songs. Her versatility as an actress has placed her in demand for radio appearances in recent months. She will be one of the featured actresses in the motion picture "Born to Dance", now in production.

When a collegian named John

Olsen, from Indiana, and a student named Harold Johnson, of Chicago, met at Northwestern university years ago, they formed the comedy team of Olsen and Johnson. They toured Australia two years, spent 14 years altogether in vaudeville and finally produced their own stage show, "Monkey Business." Having established reputations as leaders in the comedy field, they went into the movies, making "Sailor, Beware" and "Fifty Million Frenchmen."

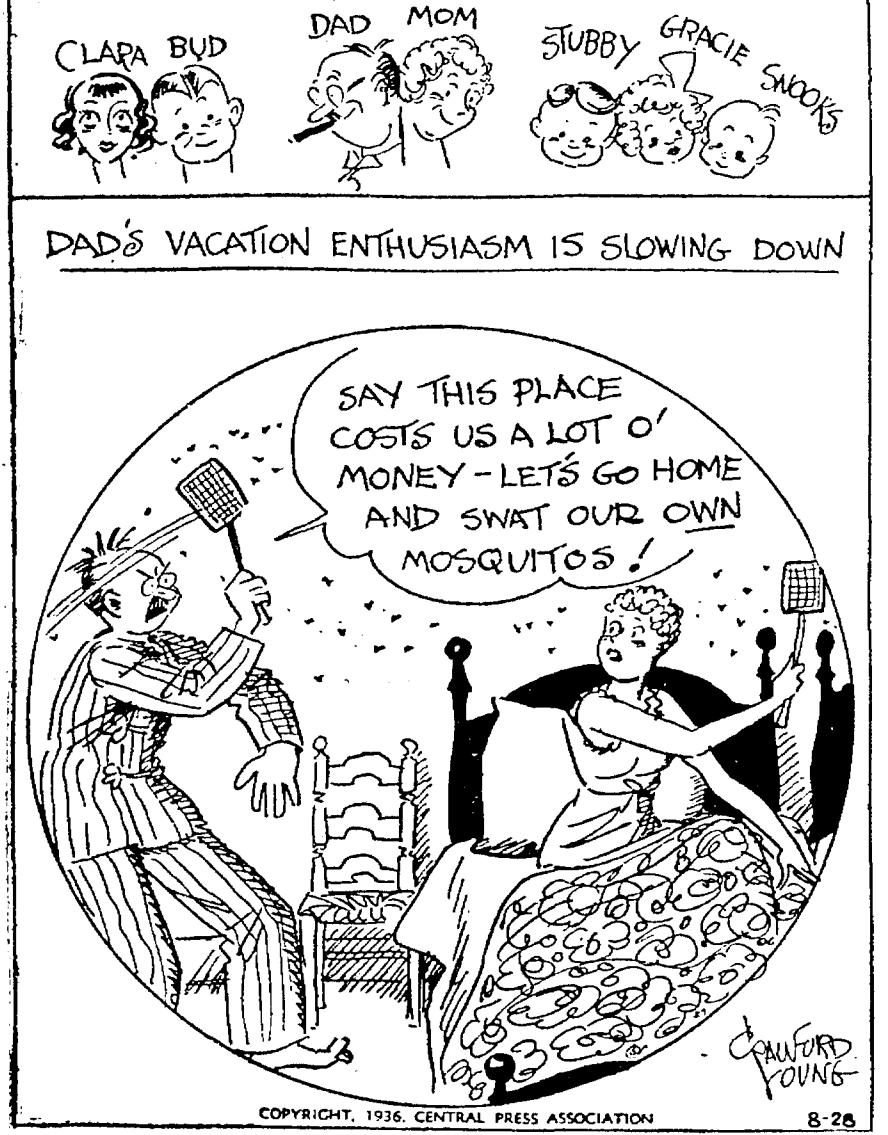

Accompanied by Victor Young's band, Ballew will sing several currently popular tunes, at least one of them with the Golden Shell Girls.

Fred Astaire is to return to the mike on Sept. 8. In the event he is not back from his European vacation Jack Benny will be ready to pinch hit.

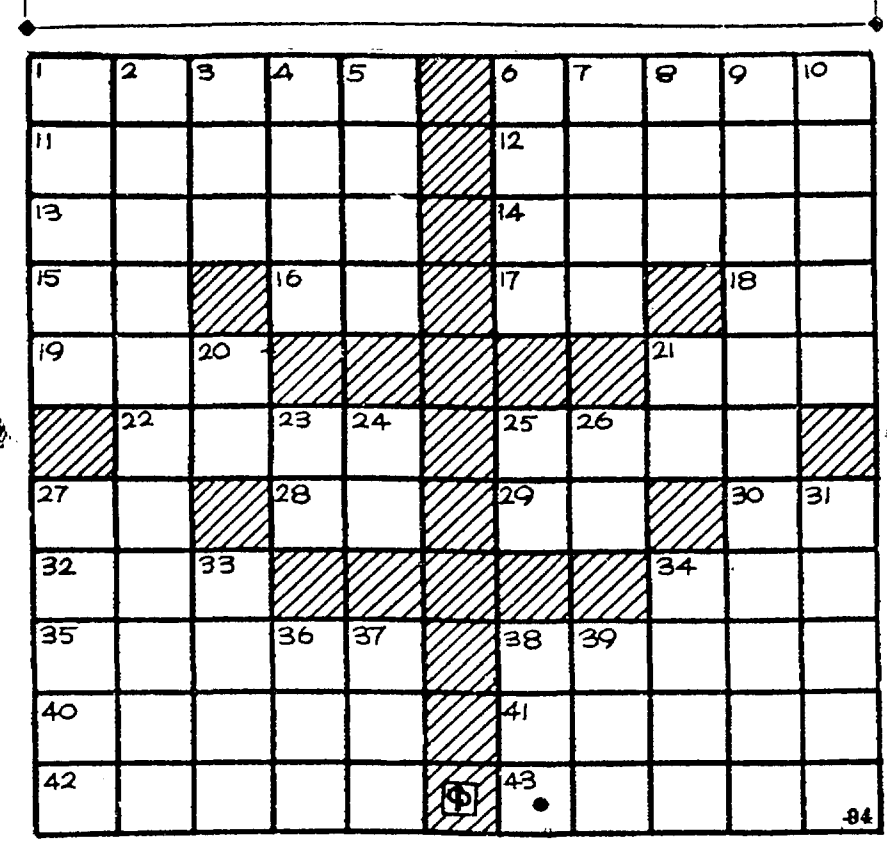

Petter Young's family is to start broadcasting its radio serial over both the WJZ and WEAH networks on Aug. 31. On the same day Jack Armstrong, the All-American boy, comes to the NBC network and Popeye, the sailor, resumes on the CBS chain.

Political speakers, now paying for air time, seem to weigh their words more carefully. In the past when time was free they always spent the first fifteen minutes berating their opponents. Nowadays they stick to facts and some of the speeches can almost be termed interesting.
